

🎵 Certified Music Friendly Community 🎵

Abilene is in the serious business of growing and supporting the music scene in our city. The Texas Music Office of the Governor has certified Abilene as a music-friendly community and given guidelines and resources that will help attract performing artist and grow Live music performances throughout the city.

Ways you can help support the initiative:

🎵 Encourage live music at your venues.

🎵 Submit events and performances to abilenevisitors.com to be features in the Live Music section on the community-wide calendar.

🎵 Create Facebook events and invite [Abilene Centerstage Facebook](https://www.facebook.com/AbileneCenterstage) page to co-host. The ACVB can help promote it through social media channels.

🎵 Show up for shows and create a spirit of camaraderie and support the local industry.
